¹ "Covered" employment is employment subject to Arkansas Employment Security Law when an employer has one or more employees in each of 10 days during the current or preceding calendar year. Employment excluded from coverage includes agriculture, self-employed, unpaid family workers, interstate railroads, domestics, insurance and real estate agents who are on commission only, and employees of churches and religious organizations, except schools.

² Counties will not sum to state total because state totals include data from employers who do not provide a county breakdown of employment and payrolls, data of sales and other types of personnel with no permanent place of work, and employment data of employers with no established place of business in Arkansas.

¹ "Covered" employment is employment subject to Arkansas Employment Security Law when an employer has one or more employees in each of 10 days during the current or preceding calendar year. Employment excluded from coverage includes agriculture, self-employed, unpaid family workers, interstate railroads domestics, insurance and real estate agents who are on commission only, and employees of churches and religious organizations, except schools.

² Counties will not sum to state total because state totals include data from employers who do not provide a county breakdown of employment and payrolls, data of sales and other types of personnel with no permanent place of work, and employment data of employers with no established place of business in Arkansas.
